Certificate of Amerex Distribution Brazil

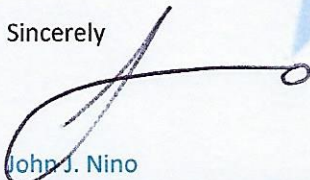

It is hereby certified that the company **Argus Engenharia Ltda** is an authorized, recognized, factory trained distributor in good standing of Amerex and our entire product line for the territory of Brazil.

McWane International & Amerex inform that **Argus Engenharia Ltda** has the full support of our factory to provide design, technical, support, commercial, after sales service and guarantee of our pre-engineered and portables product lines to include our off road vehicle suppression systems (VS) and kitchen hood fire protection systems (KP) . **Argus Engenharia Ltda** also has factory trained and certified technicians on staff in compliance with Amerex requirements. We also extend all of our limited and standard factory warranties on all products manufactured by Amerex Corporation and its conformity to Underwriters Laboratories (UL) and ISO 9001:2000 and 14001:2004 quality standards

This certification is valid and is issued at the request of the interested party on the date stipulated in this letter with validity for two years or sooner if one of the parties decides to cancel in writing.

Please contact me should you require any additional information, please do not hesitate to request it.

Sincerely

John J. Nino
